BMAS, East Los Angeles ca. 1970

OUR STORY

Founded in 1970 in the heart of East Los Angeles, Self Help Graphics & Art is dedicated to the production, interpretation and distribution of prints and other art media by Chicano/a and Latinx artists. Our multi-disciplinary, inter-generational programs promote artistic excellence and empower our community by providing access to space, tools, training and capital.

BARRIO MOBILE ART STUDIO

The Barrio Mobile Art Studio (BMAS) was originally founded in 1974 to take creativity to the streets with arts programming and the creation of site-specific activations. We offer programs and workshops that are engaging and fun, offering new perspectives on creativity, creating connections amongst participants and building community.

SHG can offer your co-workers, friends and family, students an opportunity to explore their creative self-expression and learn the art of printmaking, construct paper flowers, papier-mâché, papel picado, collage art and more. The Barrio Mobile Art Studio is available to visit your work, school or local park.

Workshops are customized to fit your needs.

Learn the Art of Poster-making with a Stencil Silk Screen Workshop

ARTISTS

BMAS is administered by a group of 25 artists from SHG, trained on peer-to-peer workshop facilitation, professional development, and social entrepreneurship. More than a means of career development for artists, BMAS also shows how art can activate spaces that are not traditionally used for creative expression and artistic leadership.

Our program supports local Los Angeles-based artists by providing them with paid work opportunities and competitive wages. Hiring the Barrio Mobile Art Studio directly benefits our cohort of working artists.
