

"Ode to Galleria Otra Vez"

With all the attention we have received in the last two months regarding the future of Self Help graphics, we have decided to showcase a retrospective installation that gives homage to the gallery, the artists, & the culture of SHG. Through this installation, we look to continue the conversation of the importance and impact SHG has had on the global art community. For those that have been on this journey for the last 35 years, it will summon up the essence of the vibrant history & heritage of this Chicano art community. It will also serve as a ground swell of inspiration for newcomers to SHG. Our goal is to fertilize the long established roots we have set into place. As of late, SHG is bubbling with ardent creativity and activism by all who want to participate in continuing the beautiful legacy we have inherited in this time & and in this place. We are asking for your help in acquiring invitation/announcement fliers from past shows held at Galleria Otra Vez. The installation piece will be installed in the gallery stairwell. It will be designed and installed by: Rosanna Esparza Ahrens & Denise Esparza-Carrillo.

Please submit fliers or color copies of fliers to:
